Mrs. HEIDTKE *wrote and* Mr. KITTLE *replied*

SEARS, ROEBUCK AND CO.

GENTLEMEN:

IT is no novelty to you, I know, to receive letters expressing gratitude for the liberal money-saving you give your customers on every purchase. Indeed, knowing that Sears-Roebuck have the largest retail store in the world, I can easily understand your ability to give greater value and lower prices than anyone else.

But the real wonder of Sears-Roebuck to me is how you are able to make such a broad guarantee, and live up to it so unfailingly, promptly and courteously. I have often thought that this very liberal policy of yours must result in many impositions on your sweeping guarantee.

In the thirty years and more that we have traded with you, grandmother, mother and myself, there have only been a few instances when we asked you to make an adjustment. But not once have you ever failed to do just as we asked—and you have done it by return mail, without the slightest hesitation.

(Signed) Mrs Earnest Heidtke

859 8th Ave., S. E., Rochester, Minn.

MRS. EARNEST HEIDTKE
ROCHESTER, MINN.

DEAR MRS. HEIDTKE:

YOU have expressed, better than I have ever seen it expressed before, the reasons why Sears, Roebuck and Co. have built up the largest store in the world.

For the greatness of this institution does not rest within our four walls, or within our policies. It rests within the homes and hearts of our customers.

You say you have often marveled at the broadness of the Sears-Roebuck guarantee. But you would be still more surprised if you knew the very small percentage these returns represent.

There are 10,000,000 families who trade with us regularly and actively. But the relationship is more than the relationship of buyer and seller. It is a relationship of mutual trust and faith—of friend with friend.

Your letter but typifies a friendship that binds our customers to us and I thank you for it. It inspires us to strive the harder to merit your good-will.

(Signed) L. H. Kittle

President, Sears, Roebuck and Co.

We Guarantee

To save you money
To deliver all merchandise safely
To satisfy you perfectly

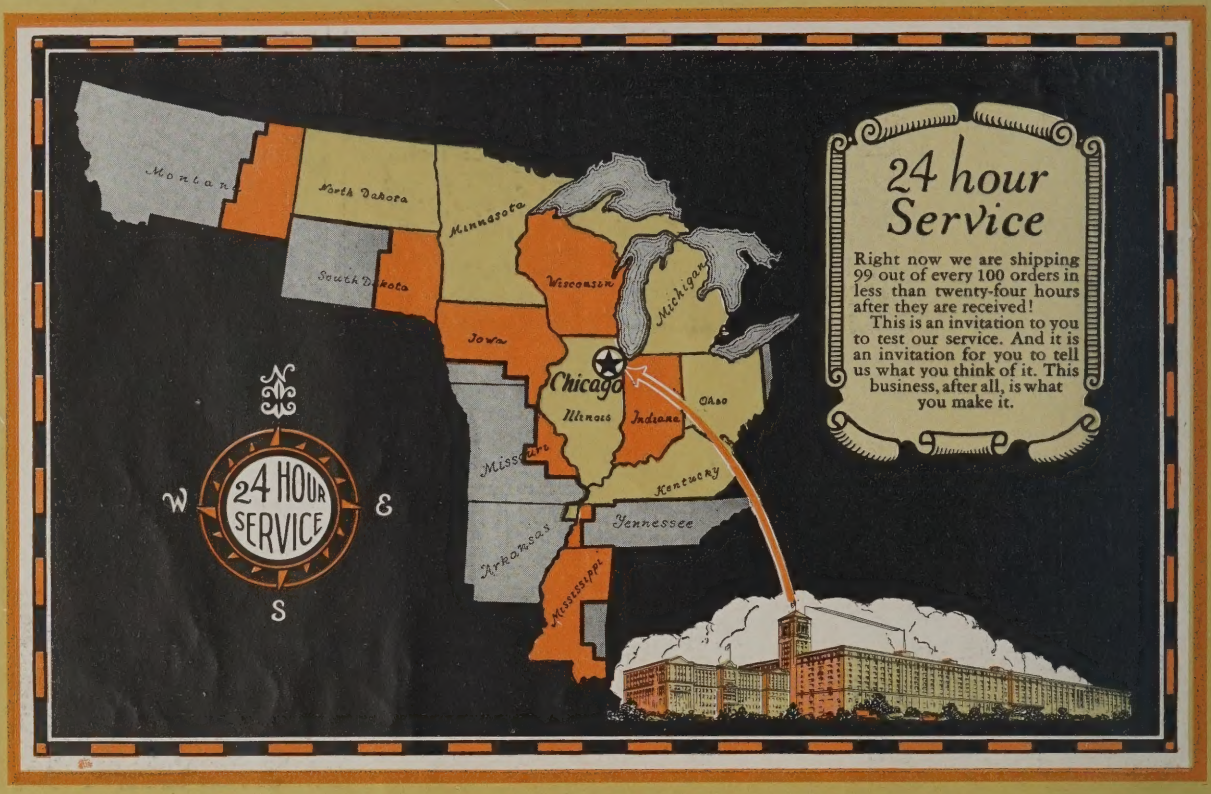
We Guarantee that every article in this catalog is honestly described and illustrated.

We Guarantee that any article purchased from us will give you the service you have a right to expect.

If for any reason whatever you are not satisfied with any article purchased from us, we want you to return it to us at our expense.

We will then exchange it for exactly what you want, or will return your money, including any transportation charges you have paid.

SEARS, ROEBUCK AND CO.



It is Folks like these that have made this the World's Largest Store..

WE have often said, "This store is known by the customers it keeps." But that statement does not go far enough. This store leads in savings, in service and in value-giving, because of the *kind* of customers it keeps—the keen, foursquare Americans whose loyalty and support have made Sears-Roebuck the World's Largest Store.

"In the 34 years I have traded with your concern, I have not received a single article that I regret having ordered."

. . . portion of a letter received from C. A. Van Atta, 142 Cherry Street, S. E., Grand Rapids, Michigan.

Mr. Van Atta's record runs back through our files almost to our beginning. He thanks and praises us. We have done only the thing that any honest merchant strives to do—we have given service, value, merchandise as represented. But Mr. Van Atta has done far more. He has remained steadfastly loyal to Sears-Roebuck—the record of his orders stands as silent witness. But beyond that written record we can sense the many new friends we have won through Mr. Van Atta's recommendations.

"We have been buying from you since 1903 . . . Our first order was for blacksmith tools, all of which are still in use . . . Since then we have bought almost all our supplies from you . . . Needless to say, we have been highly pleased."

. . . portion of letter received from Charles Zamow, Portage, Wis.

Your long-life blacksmith tools merely typify the inherent quality that we strive to put into every item of merchandise we offer you, Mr. Zamow. Service in the prompt filling of your order is the first step. Back of that is a bigger service—searching world markets for quality merchandise—merchandise that will satisfy you.

"The material for the house I live in from Sears . . . furniture—carpets—our clothing . . . my tools . . . Thousands of dollars in all . . . A big saving . . . I can't speak highly enough of quality and service."

. . . portion of a letter received from W. E. Helwig, Cincinnati.

Mr. W. E. Helwig is an old and valued friend. His first order came to us many years ago. And back to that first order we not only trace through our records the long list of Mr. Helwig's purchases, but we also see reflected there the ever-growing patronage of his neighbors. So again we say "It is folks like you, Mr. Helwig, who have made this the World's Largest Store."

"In the 35 years I have dealt with you I have found your house to be honest, reliable and trustworthy."

. . . portion of a letter from William C. Julian, 500 Cunningham Ave., Danville, Illinois.

Mr. Julian knows that our guarantee would never allow us to vary from the paths of honesty, reliability, and trustworthiness. It is indeed a great pleasure to us to acknowledge a debt of gratitude to a customer who has followed the growth of Sears, Roebuck and Co. through the years. Your good words to your friends and neighbors has greatly aided us in building the World's Largest Store and we want you to know that we appreciate them.

"In just 45 hours my order arrived . . . That is what I call SUDDEN SERVICE."

. . . portion of a letter received from Carl E. Vance, 1716 Rowan Street, Louisville, Ky.

You have hit upon a happy expression, Mr. Vance. "Sudden Service" aptly describes the handling of the stream of orders that flows in and out of our various stores. Nor is your case at all exceptional, Mr. Vance. Ninety-nine out of every hundred orders that come to us are on their way in less than a day. No place for an order to linger—it moves in a fast flowing stream from the moment it is received until it is shipped.

Your needs have built this service and we are constantly at work on plans that will clip off a few minutes here—save a few minutes there—speed orders to you in even quicker time.

"I remember when you sent out your first catalog . . . We have been customers since that time . . . What impresses me most is the prompt and willing manner in which you have always made adjustments."

. . . portion of a letter received from Mrs. William Messinger, Menlo, Iowa.

Mrs. Messinger has put Sears service to a 35-year test. She knows we are human. Try hard as we do to avoid mistakes, we do make them now and then. But every such mistake is corrected without question or delay.

"I sent you too much postage . . . of course Sears refunded to the penny . . . thanks for the splendid service and the 50% saving I made."

. . . portion of letter received from James Wallace, 327 High Street, Memphis, Tennessee.

Thousands of our customers have learned through experience, just what you have now found out, Mr. Wallace. Many orders come to us with more money than is needed.

Every penny of such money must immediately go back to the customer.

"Here is a photo of our new farm home which Sears-Roebuck helped us build . . . In the 25 years we have traded with you our savings have been so great that it has been possible for us to build our home sooner than we could have otherwise."

. . . portion of letter received from F. I. Smucker, Tiskilwa, Illinois.

It is indeed a pleasure to receive your letter and to learn of your happiness. After all, Mr. Smucker, think how small our part has been. But think what you have done for us! Through your enthusiasm and steadfast loyalty you have won us many new friends. We thank you —most heartily.

STYLE is the result of the designers' art—plus quality in materials and workmanship. The pages that follow depict style, as it appears before the camera. What the camera cannot show, however, is the quality that enters into the garment.

And so, the message that we would like to present this season is a message about quality. We would like you to understand, at the outset, that no matter how low our prices may be, there are certain qualities of materials others consider good enough that we will not allow our garment makers to use.

We charge no premium here for "style", as the term is generally used. Whether you spend $10 or $50 here, you are paying for materials and tailoring only with one small profit added. We know, and guarantee, that we will give you for whatever price you may want to pay a better garment than you can buy elsewhere.

That is the reason for our leadership in wearing apparel. We take pride in the fact that our wearing apparel business has been constantly increasing. This, we believe, is proof of our quality. For women buy where they get the most for their money.

We would like you to select the coat or dress that may appeal to you. Then our case is in your hands.

Showing Original Style Treatment

This coat employs contrasting color trimming to give it a smart and new effect, and the result is exceedingly pleasing, as you can judge by the photograph on the opposite page. The material is handsome winter weight *All Wool Fawn Suede* of exceedingly good quality; one that assures sturdy, long service as well as delightful warmth to the wearer.

The contrasting color trimming is in the form of chic Tuxedo facings at the front and narrow inserts at the sides; in the latter case, between overlapping folds that are enhanced with buttons. The sides also feature novel cut panels on top, finished with a touch of *Rayon* (artificial silk) stitching. Selected grade *Mandel* fur was used for the dressy collar, and final details include heavy interlining and guaranteed Silk Faced Satin de Chine lining. Length, 46 inches.

THE FIVE COATS shown on this and the opposite page are the finest models in our entire selection this season. They are made from lustrous All Wool Bolivia of a really beautiful quality, richly lined with extra fine quality brocaded crepe and interlined for additional warmth. They are trimmed with luxurious furs of the most expensive quality, and we guarantee them to be of the same high class tailoring as the coats for which you would ordinarily pay $70.00 to $100.00 in any retail store.

Fine Quality Emphasized in Every Detail

The smart alliance of quality and style combine in making this beautiful coat a garment that any woman can be proud to own. Adapted in the latest New York manner, on a graceful slender silhouette, it chooses for its fabric, superior grade *All Wool Esprella Bolivia*, a highly lustrous, soft, velvety coating that comes in a heavier and finer quality than the Bolivia fabrics offered before.

Quite the most flattering style note of the coat is its large, handsome collar and cuffs of selected grade, long haired *Manchurian Wolf Dog* fur, not only lending elegance but additional warmth, as well. Same color narrow soutache braid was also effectively employed for adornment, featured on the front facings and as a smart finishing touch at either side of the garment. The coat is perfectly tailored, warmly interlined and lined throughout with fine quality Silk Warp Brocaded Crepe. Length, 47 inches.

Bolivia Assumes a New Importance in the Mode

The winter coat is probably the most important item of apparel in a woman's yearly wardrobe. It is a garment that must have two essential features—warmth and durability—the former for comfort, the latter to stand the strain of constant use, as no other garment is worn as much and for as long a period as the winter coat. These two important features are assured in the lovely coat, pictured above, and at right, which in addition is as appealing for its beauty as it is for its very low price.

The model is becomingly fashioned of rich looking, velvety *Tex-Bloom Bolivia*—a thoroughly dependable fabric from every standpoint and of a far heavier grade and therefore warmer than the Bolivias offered in previous seasons. The coat is adapted on straight, slender lines displaying insert panels of self material at either side, centered with buttons and finished with a large collar and cuffs of fashionable imported French Coney fur.

Has warm interlining and lining throughout of heavy, fine grade silk warp brocaded crepe. Length, 48 inches.

Surprisingly Low in Price

This good looking coat will assure its wearer of delightful warmth and service, being fashioned of heavy winter weight *All Wool Polaire* which is well known for both these features of merit.

It is smartly styled on slender straight lines, as sponsored by the mode this season, gaining a touch of fullness at each side by means of deep inverted pleats. These pleats are topped by large novel shape patch pockets, attractively enhanced with ornamental buttons and lustrous stitching; the latter also serving as a smart finishing note on the cuffs and inner part of the collar. A wide border of stylish *Mandel* fur on the outer edge of the collar lends a flattering, dressy finish to the garment. The coat is neatly tailored and comes with full lining of highly lustrous guaranteed *Venetian*. Length, 48 inches.

With Smart Fashion Features

A distinctive new treatment of novel cut panels at the sides and a harmonious adornment on the sleeves lend unusual smartness to this desirable, well made coat.

Adapted in winter weight *All Wool Fawn Suede* of a sturdy, serviceable quality; the coat is further assured of comfortable warmth and durability by having interlining and heavy grade, silky looking mercerized *Phoenecian* lining. The panels at the sides are centered with modish inverted pleats and, like the sleeves, they are trimmed with ornamental buttons. A rich finishing style note is the large collar of *Baltic Beaver* fur (clipped and dyed coney) which is applied in novel pleat effect and gives the dressy appearance of the genuine expensive beaver. In quality and smartness this coat is all that can be desired. Length, 47 inches.

THE Little Woman who is of short stature (5 feet 3 inches or less in height) has heretofore had great difficulty in finding coats that would fit correctly.

Women's regular size coats will not fit her unless they are specially altered, which frequently destroys their style proportions. Misses' size coats are frequently too youthful in style for her mature years. Therefore, she will welcome the opportunity offered here of selecting smart New York styles especially designed for her.

In these coats the lengths and sleeve lengths are shorter, the trimmings and other proportions are designed in perfect balance, and the models will fit perfectly without alteration.

New York Style Coat of Decided Chic

Here and on the following two pages the woman of petite figure will find coats of the latest New York styles, that have been correctly adapted and especially designed for little women.

The stunning model portrayed above is artfully fashioned of warm, winter weight, fine quality *All Wool Fawn Suede.* It is cut on a slender straightline silhouette.

A rich dressy effect is lent to the garment by a large collar and novel shaped cuffs of silky haired *imported French coney fur.* Other smart details include modish inverted pleats at either side, topped with narrow insert panels, that show a finish of *Rayon* (artificial silk) stitching. The coat is warmly interlined and lined throughout with *fine quality lustrous mercerized Phoenician.*

Don't Be Deceived!

ONLY an expert can judge the difference between one piece of fur and another and can tell which skin is properly cured and finished and which is of inferior grade. And yet, what a difference there is between the wearing qualities and lasting beauty of the best grade and the inferior. For the cheaper grades are frequently pieced and often improperly cured and dyed. They will not give lasting service and satisfaction.

That is why it will pay you to select your furs from the World's Largest Store, where you are protected by the highest possible standards of selection.

REMEMBER—we leave nothing to guesswork—we know that every piece of fur we offer is of the better grade, because every single skin is carefully inspected by experts. And, furthermore, the furs we sell are honestly described by both their trade names and their actual names. You know just what you are getting.

Very Fine Quality

Introducing

Our Special Selection of New Coat Styles for the Stout Woman

TRIMLINE Coats for Stout Women were designed expressly for Sears, Roebuck and Co. by the foremost fashion creators of New York who specialize in "Slenderizing Styles."

Their smart, straight silhouette and perfectly designed proportions will have an almost miraculous effect in slenderizing the appearance of the woman of larger than average figure, and the perfect tailoring of these TRIMLINE models will prove a constant delight.

In creating them, special attention is paid to the individual proportions of the stout figure—the back is cut with more fullness—the armholes with greater depth—there is more width in the hip and concealed fullness in the skirt.

Many of the TRIMLINE models displayed on the following pages are offered in two lengths, for both the tall and short stout figure.

These coats are being worn by thousands of satisfied customers, and the continued growth of our Department for Stout Women is evidence of the correctness of our theory of specialized design.

New York Style Coat of Decided Smartness

Fashioned with unerring skill, by experts who specialize in stout women's apparel, this stunning coat combines a style of smartness with a silhouette and clever details that result in a pleasing slenderizing effect.

Adapted in silky, lustrous, fine quality, *All Wool Velo Broadcloth* of a warm winter weight, the model is designed on flattering straight lines, giving evidence of expert tailoring in every detail.

Full length gored seams give a panel effect to the back, while the lower part shows narrow insert strappings topped with lustrous arrowheads. Attractive new features are the elaborately embroidered sleeves, carried out in self tone, narrow Rayon (artificial silk) braid, and a final note of elegance is added by a large collar and cuffs of imported *French Coney fur*.

For additional warmth and service the coat is interlined and finished throughout with high luster, guaranteed Venetian lining. Length, 48 inches.

$19.75

IN INTRODUCING our new coat models for Junior-Misses and Small Women we want to say a word about the really exceptional quality of every one of the models offered.

In the first place, they are the very latest and smartest style selections of the current season, every one of them designed and tailored in New York. They are made from the best quality fabrics it is possible to obtain at the prices listed. Practically all of them have warm interlinings, and all are lined with much better quality linings than you would usually expect to find in coats of such moderate price.

May we also call your attention to the individual features of workmanship which are to be found in every one of these coats—such as the extra wide cloth facings—the full cloth undercollars—the cloth neck bands—the excellent, dependable quality of the fur trimmings and the full cut, correctly proportioned lines.

We have illustrated these coats from actual photographs taken on Fifth Avenue Fashion Models, to give you an accurate idea of their exact appearance.

Of That Artful Simplicity Which Is Always Chic

Fashioned on straight slender lines of warm, heavy grade, fine quality *All Wool Fawn Suede*—a handsome, popular smooth finish durable fabric. As in the smartest coats of this season, adornment is featured at the lower sides, consisting of insert panels with tailored pin cording, topped with tabs that show lustrous stitching and novelty buttons.

Dressy convertible collar, as well as cuffs of rich *Baltic Beaver* (clipped coney) fur, having appearance of expensive genuine beaver.

Expert tailoring, combined with quality fabric and trimming, make this garment an exceptionally splendid value. Coat is interlined and lined throughout with silky looking, fine quality "Phoenician" lining. Length, about 44 inches.

State age size and bust measure. See size scale. Shipping weight, 5½ pounds.

Graceful Cape Coat—Fashion's Latest Offering

Isn't it smart and youthful? Fashion's newest detachable capelets hang in graceful folds from shoulders. Coat is developed in soft napped winter weight *All Wool Fancy Weave Sport Cloth* of a sturdy, good quality, showing a small pattern in light blue and tan color combinations. Two large patch pockets. Narrow belt fastens with a novelty metal buckle.

This model has a large handsome collar of selected grade *Mandel* fur, and attractive bandings of lustrous *Rayon* (artificial silk) braid. Neat workmanship throughout and made with warm interlining and silky looking, durable "Phoenician" lining. This is a particularly attractive "two in one" garment, well worth the low price of $19.75. Length, about 44 in.

State age size and bust measure. See size scale. Shipping wt., 5½ lbs.

Attractive—Yet Inexpensive

This model makes smart use of *All Wool Crepe* as its fabric. Graceful animation is lent to the straightline silhouette of the frock by means of the pleated insert panels, which are outlined with tinsel and Rayon (artificial silk) embroidery. The bodice is also embellished with embroidery, as are the pointed tabs that finish the cuffs. Contrasting color crepe is another form of trimming, employed as facing at the neck, cuffs and pocket tabs, the latter showing ornamental metal buttons on either side.

Women's and Misses' Regular Sizes—32, 34, 36, 38, 40, 42 and 44 inches bust measure. Lengths from back of neck to hem, 44 and 47 inches only. **State size and length desired.** Shipping weight, 2 pounds.

Be sure to measure your head size when ordering your hats

Pauline

My Selections for You

Include the most popular New York styles in the fashionable materials and in such an array of the smart colors that I know you will be more pleased than ever. I was highly pleased to receive during the past season many letters expressing delight over the style and quality of our hats—and the wonderful savings, due to our direct method of selling. Many women who formerly tried to make one high priced hat last all season can now buy several hats from us for less money and greatly improve their appearance. Our children's hats, those wonderful Classmates, are perfect joys for style and value.

Measure Twice With Your Tape

Please make sure you measure your head where your hat fits. Then check the catalog description of the hat you have in mind to be sure it will fit your size. This is important as we have in stock only the size or sizes listed. Example: If your head measures 23 inches, you cannot wear a hat listed "Fits 22¼ to 22¾ inches." Select a hat listed to include "23 inches."

We Have Improved Our Famous Abdo-Belt Combination

For Average and Stout Figures

This great favorite is now made even better than before, the uplift belt feature has been greatly improved so it will cup more and it is also made wider. This expertly designed inner belt is of fine surgical elastic, has coutil reinforcing and fastens in center with hooks and eyes. Gives wonderful, healthful support to the abdomen and together with the especially boned front corrects a protruding diaphragm, thereby imparting a flatter and more fashionable figure. Also desirable for women of slender and average figure who want more support than is afforded by the average combination. Made good length (all around) with sections of elastic across hips and light boning at sides and back. It also has lacing at back from waist down, a splendid feature for perfect adjustment through the hips. Shoulder straps have elastic inserts. Length in front, 20 inches.

Two Qualities

Even sizes, 34 to 46 inches bust measure. Measure bust over fullest part and state size and give hip measure; also taken about 7 in. below the waist. Shpg. wt., 1¼ lbs.

Fine Fancy Grade **$3.59**

18F127—Made of Rayon figured material, as illustrated. High grade one-piece elastic over hips, best quality black boning throughout. Four fine supporters. **Order size as above.**

Our Famous Value **$1.98**

18F124—Made of durable, fancy pink novelty cloth. Sewed sections of elastic at hips. Four strong supporters. **Order size as above.**

For Average and Full Figures

Very high grade model, supplied us by a world famous maker, beautifully styled and finished to the last detail. A grade usually found only in exclusive big city shops. Will fashion your figure to the lovely lines of youth. Twin panels of fine elastic are wonderfully suited for figures with full hips and thighs; also has boned elastic panel fitted inside for diaphragm support and an elastic gore center. Best quality black boning throughout. Fashioned of beautiful pink Rayon material with gores at top back so flesh will be comfortably supported inside garment. Shoulder straps with elastic. Six supporters. Side length, 20 inches.

18F143—Even sizes, 34 to 46 inches bust measure. Measure bust over fullest part and state size and give hip measure also. Shpg. wt., 1½ lbs. **$5.00**

Bring Your Figure Up to Date

Wear This Remarkable "Y B Stout" Model

Slenderize your figure! Look lighter and more youthful is the order of today's fashion; and women everywhere are quick to obey the command. Even if you are tall and stout, or short and stout, your figure can be improved, oh! ever so much if you use care in corseting. Study the illustrations; they show you what the "Y B Stout" garment will do to your figure, and this, too, with the utmost comfort. Our price is gratifyingly low.

This wonderful garment has a scientifically designed inner belt of elastic and coutil which hooks in the center. This belt is boned in front and comfortably supports and reduces the abdomen and diaphragm. The outer combination, replacing the corset and brassiere, is of fine pink Rayon striped material and fits smoothly over the inner girdle, giving the fashionable long line without any bulges. Your outer garments are bound to fit much better when worn over this combination, thereby improving your general appearance. This outer section hooks at side, is boned through back and sides and has fine, one-piece elastic gore over each hip. Shoulder straps fitted with elastic. Six strong supporters.

We are Known as Headquarters for Modern Corsetry

SELECTION. We are anxious for you to see our complete selection of rsetry this season because we feel it is the best and most complete assortment e have ever shown. Our assortment has been planned to meet the require- ents of every normal figure, so you are sure to find just the garment you are oking for.

THE NEW FIGURE. To the women who look a little heavier than they ould like, our rubber garments have proved to be a boon. Our "Graceful," ade of fine, odorless, Para rubber, massages the fat away while the wearer joys such ease and comfort as she never before thought possible in a corset. ubber garments are also worn by women who are not stout. They like the freedom d comfort and insure themselves against getting stout through the waist and hips. hen we have famous, widely advertised garments and many others made especially for by this country's foremost makers.

BIG VALUES. You who have already worn our corsets, know the double satisfaction of price saving and service. We buy from the foremost and finest makers in the country. The tremendous quantities we use enable us to buy at such rock bottom prices as to make possible the sensational values we offer.

PERFECT MERCHANDISE. No shelf worn goods from Sears. Every garment is carefully packed in its individual box—it came that way from the factory—so your garment is not handled until you unpack it. Every garment we sell is guaranteed non-rustable. We furnish a full length, good quality lacer with each model that requires it. If your corset does not fit we will gladly exchange it or return your money.

How To Order Your Size

IT IS EASY TO MEASURE. Be careful to follow the easuring instructions given in the description of each gar- ent. Use a tape measure and **be very careful to state clearly l the measurements asked for.** The diagram at the right ows where to take your measure for the bust, waist and ps. To assist you further we indicate on most garments st where the necessary measurements are to be taken. From e measurements you give us, our corset experts will be able determine the proper size you require.

We try to give complete information about our garments, such as st, height and skirt length from the waist down on corsets, and e entire length at front or sides on combination garments. Your ure is worth a little study. Use your present garment as a ide—if it is too long order one a little shorter. If you are tall, e that the garment you order is long enough. Ever-Sta Models

The Most Popular Ever Offered for Stout Women

$3.59 Each

Ever-Sta means a special patented construction whereby the strong yet resilient boning does not twist or push through the cloth either at top or bottom. It also prevents the stripping (stay covering) from wrinkling and causing discomfort. Many splendid features give Ever-Sta garments long life. These models have proved immensely popular with our customers and justly so. Double sections of coutil across abdomen and sides with heavy elastic at bottom back, molds and reduces flesh through the abdomen and hips. Skirt and bust cut full and roomy. Large inserts of sturdy, comfort giving elastic. Six strong supporters.

For Real Support
DR. WINE'S
Health Corset

Patents Pending

Quickly Adjusted to Your Own Physical Need

Dr. Wine's Improved Health Corset is the result of extensive research work and in our opinion is the best garment of its kind ever produced. Truly wonderful corsets for all women requiring abdominal support or wishing to reduce. Scientifically constructed inner belt gently lifts the abdomen and holds it in its natural place most comfortably, thereby assisting nature in bringing permanent relief.

This belt fastens in center with strong hooks and eyes and each half is fitted with a thin, slightly bent, narrow stay of "Surgic-Alloy" metal which is very easily bent to cup into just the right shape to suit the wearer's requirement. Lower part of belt in front has short wire stays for better abdominal support. Belt is easily raised, lowered or let out and therefore wonderfully suited to every abdominal need. Recommended for women having a large abdomen or suffering from abdominal troubles and for mothers after childbirth. The outer part of fine pink coutil is boned throughout with strong stays, has elastic inserts at top and bottom back and fits over inner girdle, giving a straight, smooth slender figure. Laced at back and fitted with three pairs of strong supporters.

Order by corset size. Take your waist measure over the corset you are wearing and deduct 2 inches. This will give you your corset size. Shipping weight, 2½ lbs.

Regular Sizes — **$3.98**
Even and odd sizes, 24 to 30; also 32, 34 and 36.

Extra Large Sizes — **4.95**

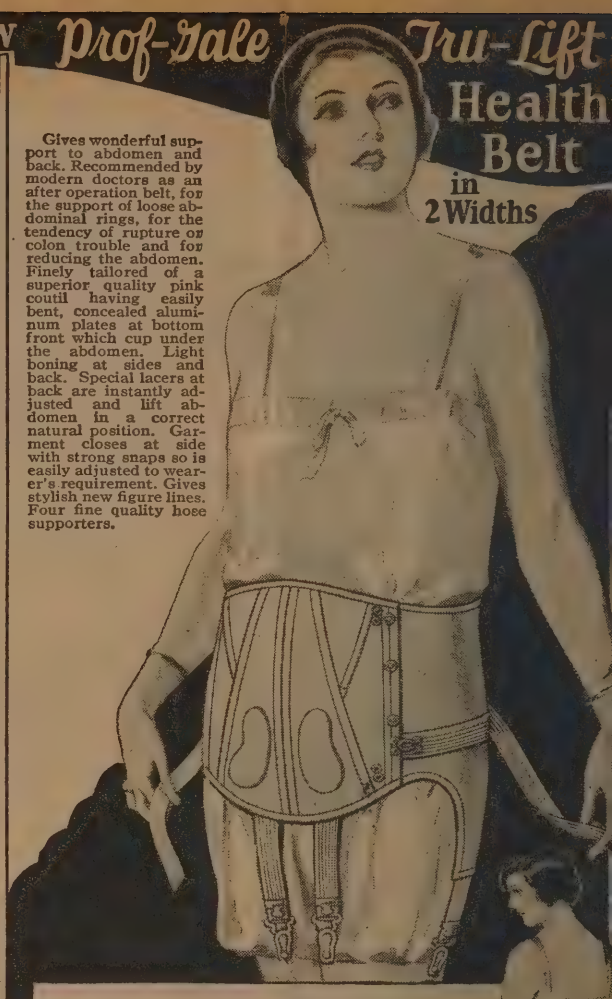
New Prof-Gale Tru-Lift Health Belt in 2 Widths



Gives wonderful support to abdomen and back. Recommended by modern doctors as an after operation belt, for the support of loose abdominal rings, for the tendency of rupture or colon trouble and for reducing the abdomen. Finely tailored of a superior quality pink coutil having easily bent, concealed aluminum plates at bottom front which cup under the abdomen. Light boning at sides and back. Special lacers at back are instantly adjusted and lift abdomen in a correct natural position. Garment closes at side with strong snaps so is easily adjusted to wearer's requirement. Gives stylish new figure lines. Four fine quality hose supporters.

To order your size, take a tape and measure carefully around waist over your corset or dress and deduct 2 in. (Example: If your measure is 30 inches, order belt size 28.)

The New Models in the Well Known Practical Front Garments

These garments have been famous for years for bringing out the lovely, natural body line and giving the wearer that much admired youthful look. And now we offer the newest models for up to date fashion. Nothing bulky about them. Easily adjusted in a few seconds to perfectly fit the figure at each wearing. The exclusive, comfortable, patented Elastic Inner Vest fastens with a light clasp at center, giving wonderful diaphragm and abdominal support. The outer flaps are laced swiftly, over flat hooks (like a shoe,) giving a modish, smooth front. Through special arrangements with the makers we are offering these famous garments (according to our manner of selling) at lower prices than you can purchase them for anywhere else. We have not, however, been able to price them as far below the regular store prices as the remainder of our corsets shown on the preceding pages.

"Fairy-Touch" Quality Means Highest Grade

Our exclusive brand in Hair Goods and Hair Nets. Strictly Pure First Quality Genuine Human Hair. (No mixtures, no refined hair with misleading names.) That soft dainty texture, like your own, not obtainable in any refined qualities. Perfect workmanship, full weight and length. Beautiful lasting wave. Our price for this fine switch is far below what is usually asked for real First Quality Goods. We list below prices for all regular shades and a separate list for gray and white mixtures. Shipping weight, 11 ounces.

Important Facts About Hair Quality

Be guarded in buying hair goods, because only an expert, after a careful examination, can distinguish the difference in qualities. However, you know the difference after you have worn the hair piece for a short time, for then if it is poor quality it becomes apparent. The color quickly fades in spots, giving that streaked appearance which is so objectionable. We guarantee our hair quality to be exactly as described, and our guarantee is especially valuable to you in this kind of merchandise.

Healthful Maternity Wear

Expectant mothers take pride in their appearance when wearing our Maternity Corsets, which give comfort and support so necessary at this time. They can be worn the full period, as there are adjustable lacings that can be easily and conveniently let out as desired *during the latter months of pregnancy. For corset size give your present waist measure, less 2 inches for lacing, where instructions are not given in description.*

Can anything be too good for the babies—the wee lords and ladies of the home? Skin like the petal of a blush rose, tender, delicate and so easily disturbed. Diapers, a most important factor, should be the finest and softest that can be had.

Have you tried Sears Roly Poly Diapers? Our Roly Poly Diapers are the best obtainable. Compare these new prices and prove to yourself that Sears are saving you money on superior quality Birdseye diapers. They are made especially for us—closely woven, bleached pure white with selected chemicals, scientifically applied so that they cannot irritate the most delicate skin; absorbent, yet made so stoutly as to stand the constant boiling out which they require. Full sizes, neatly hemmed and packed under the most sanitary conditions in clean, fresh dustproof packages, each containing one dozen diapers.

There is genuine value and service in our Roly Poly Diapers. They are not only a joy to the baby in their perfect comfort, but also a big convenience and an amazing help for the busy mother. We want you to try our Roly Poly Diapers. Every layette should have several dozen of these.

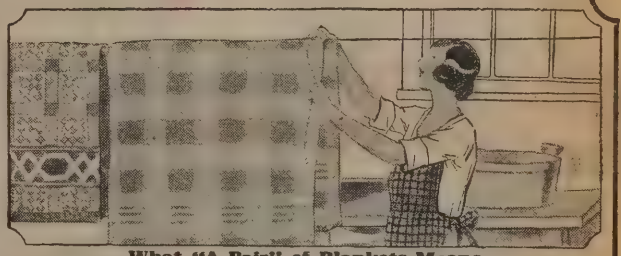
How to Launder BLANKETS

By exercising ordinary care in the washing of our blankets, you will find they will give you better satisfaction in service and appearance. First, dissolve pure soap, such as Ivory or Royal White Floating Soap, chipped fine in a gallon of boiling water. Whisk the soap flakes into a rich lather, then add cold water to make the suds lukewarm. Work the blankets up and down by a kneading or squeezing motion, but never rub on board as that makes the blankets stiff and matted. To remove soiled spots rub some of the lather directly on the spots and work up and down until they disappear.

Rinsing. After the blankets are clean, rinse three or four times in clear, soft water the same temperature as that in which they were washed. If soft water is unobtainable, add one tablespoonful of borax to each gallon of water. A tablespoonful of glycerin put into the last rinse water will make the blankets soft and fluffy. Put through a loose wringer or squeeze dry between the hands. Do not wring blankets by twisting them.

Whenever possible dry blankets out of doors.



What "A Pair" of Blankets Means

The word PAIR on these pages means two blankets, but they do not come separate. It is one double blanket, woven in one continuous length. The size given for each number is the size of one blanket and the pair, or continuous length, you receive will be twice the size given.

Why This Franklin Is the Preferred Machine

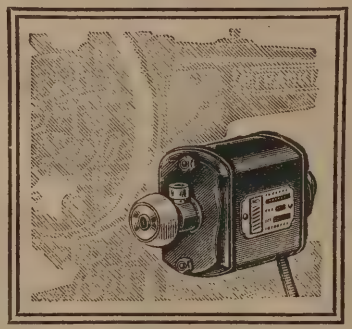
The Franklin Rotary Electric is a high grade, high arm, light running sewing machine, double thread, lockstitch type, very simple to operate. The bobbin case is removed as easily as the shuttle of the vibrating machine.

There is **nothing complicated** nor hard to understand about the Franklin Rotary Electric. It threads easily and sews as well with silk thread as with cotton.

It Sews Fast. Because of the continuous rotating motion, there is no time lost. The machine is stitching all the time you operate.

It Runs Quietly. The working parts are all moving in unison, which makes the machine practically noiseless and free from vibration when in operation.

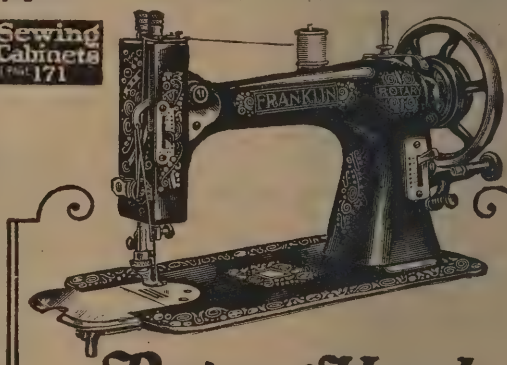
Automatic Tension Release. By raising the presser foot, all tension on the thread is released and you can draw the work from under the presser foot without bending or breaking needles or breaking the thread.



The Franklin Rotary Electric

The Franklin Rotary Electric is equipped with a specially built sewing machine motor. The motor is permanently attached to the head of the machine and is always ready for operation without any adjustments or the necessity for fastening it in place. All you need do is attach the plug to any convenient socket and your machine is ready for operation. The speed of the motor is controlled with your foot. A gentle pressure and the machine will operate faster than the highest speed that you can obtain on the ordinary foot power machine.

Sewing Cabinets See page 171



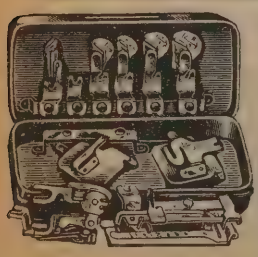
Rotary Head

The head illustrated above is the rotary type, so called because it has a revolving shuttle instead of the kind which moves back and forth as it stitches. This rotating motion insures smoothness of operation, absence of vibration and perfect stitching at even the highest speeds.

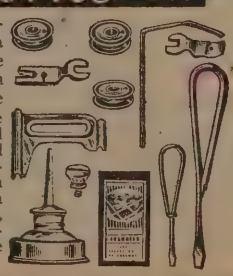
In the Franklin we offer a rotary type machine which represents the very highest development in sewing machine design. It is a light running, high arm, double thread, lockstitch machine, perfectly designed and built of the highest grade materials by expert workmen.

The Franklin Rotary head is beautifully proportioned and finished, and all working parts are carefully fitted to insure smooth running and lasting durability. Every Franklin machine is guaranteed twenty years.

Attachments and Accessories



This high grade set of attachments is furnished with every Franklin machine. Guaranteed by the Greist Co., the makers, who supply most manufacturers of high grade sewing machines. Set consists of tucker, ruffler, shirring blade, under braider, short presser foot, binder and set of four hemmers, different widths.



The accessories furnished without extra charge consist of one quilter, three bobbins (in addition to the one in the machine), one gauge screw, large nickel plated screwdriver, small nickel plated shuttle screwdriver, oil can filled with oil, foot hemmer and a package of eleven needles, assorted sizes (in addition to the one in the machine).

Rotary Portable Electric

For Terms See Below

Every home finds the Franklin Rotary Portable Electric an invaluable servant. Take it with you to sewing circle, neighbors or some bright, cheerful room where the light is good and you can sew in comfort. A small electric motor does all the work which the feet do on the ordinary machine, and does it in one-third the usual time.

The Rotary Portable runs smoothly and quietly and stops quickly when the pressure of your foot is released. You have absolute mastery of the machine at all times, with both hands free to handle the material. Sewing is fine work—you must have light. The Franklin Rotary Portable Electric can always be quickly and conveniently carried to the most suitable room or position. Use the Franklin to make a complete and economical wardrobe for you and your children. It will more than save its cost in a short time.

The motor supplied is for direct or alternating current, 105 to 115 volts, and from 25 to 75 cycles or 32-volt lighting plant.

Complete, with wood base and cover, of American walnut. A complete set of attachments, accessories and instruction book included with each machine.

FRANKLIN *Sewing Machines*

Special Features

that make this one of the finest of sewing machines

1—The automatic shuttle ejector lifts the shuttle from the carrier and avoids all danger of injury to the shuttle tension spring.

2—The belt is on the outside of the wheel. When you want to raise the head for oiling you can remove the belt and raise the head without rising from your chair. This is a great convenience.

3—You can change the needle without using a screwdriver. Every woman using a sewing machine recognizes the advantage of having a thumbscrew needle clamp.

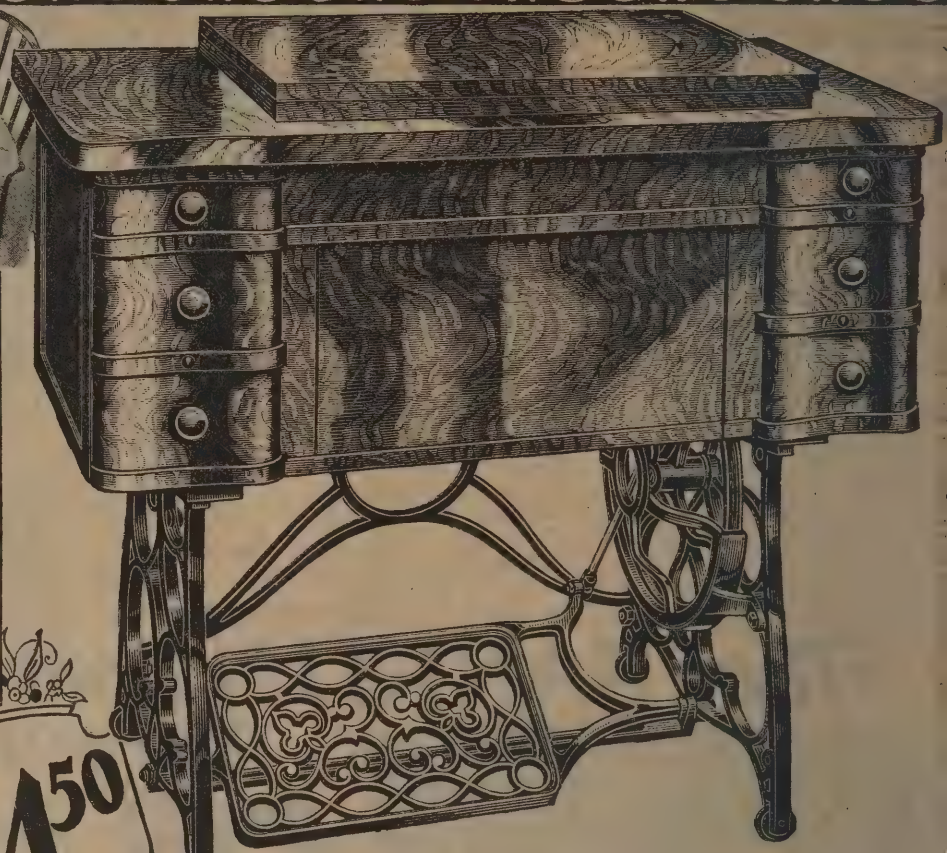
4—The presser foot fits solidly in place. It cannot move sideways once it is fastened. This avoids breaking and bending needles from striking the presser foot.

5—Specially designed shuttle arc. Means smoothness of operation, absence of vibration and increased speed in sewing.

6—Sit-Right construction. This is your assurance of perfect sewing comfort.

7—Automatic bobbin winder. Distributes the thread evenly on bobbin.

8—Extra strong and large feed, direct and positive. Handles materials from lightest chiffon to heaviest woolens.



$34.50

About Freight Charges: No matter where you buy your sewing machine, you will have to pay transportation cost. When you buy a Franklin, however, your saving on the price is much more than the small amount necessary for freight charges. We can make quick shipment from our huge stocks. In a few hours after your order reaches us, the sewing machine will be on its way to you.

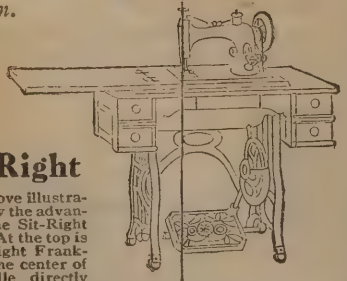
Sew all day without fatigue on the Sit-Right Franklin.



Sit-Right

The above illustrations show the advantage of the Sit-Right method. At the top is the Sit-Right Franklin with the center of the treadle directly below the needle, allowing the operator to sit in an upright position. The lower machine is one of the ordinary makes.

Notice the distance from the center of the treadle and needle. On machines of this type you have to lean over to one side to guide your work. This sidewise twist produces an unusual muscular effort to which a woman's delicate organism is keenly susceptible. This sidewise strain is eliminated on the Franklin. Sewing the Sit-Right way you sew in perfect comfort.

Waterford, Pa., Erie County, R. 6.

Sears, Roebuck and Co.,

Gentlemen:

I want to tell you something in regards to your Sewing Machines. You will see by the enclosed that my husband has ordered me a new Franklin. In 1897 I bought from your company a High Arm Sewing Machine. I was then a girl of sixteen and I want to say that in the twenty-nine years that machine has done the work for an average family of eight people. The only thing I ever paid out on it was for a package of needles. The same belt is on it today that came with it. It makes as pretty a stitch as ever, but the cabinet work is badly damaged, and there isn't a drawer on it. I feel it has done its duty, so am going to give it a home in the attic for the good it has done.

Yours very truly,

MRS. CLARENCE B. GOODMAN.

What Is Style?

Style is tastefully dressing your own individuality. Do you want to be well dressed? Of course you do! Every woman desires pretty clothes and it is easy to satisfy this desire if you are able to sew. The saying, "I cannot go because I have nothing to wear," does not apply to the woman who makes her own clothes. For every occasion she can have an appropriate dress, suited to her own figure and individuality, in any fabric and in any color she may desire. She can meet the prevailing style and her own individual taste by placing that touch of trimming just where it's most becoming to her.

What Is Value?

To be a real value your dress fabric must be correct in style, of high quality for its grade and lower in price than an equal quality elsewhere. Every number listed on the following dress goods pages is a real value.

Our great distribution of dress fabrics and our big cash buying power enables us to offer you, at surprisingly low prices, an extensive variety of all the newest dress materials. Our fabrics are all standard grades. They are not skimped to make a low price. You need not doubt the quality just because our prices are so much lower than elsewhere. We guarantee you satisfaction.

For Mothers' Attention

This is FRENCH BLUE One of the New Shades

A Special Grouping of Fabrics Suitable For Children's Wear

88¢ a Yard

Part Wool Dress Checks

59c A YARD

Strong good looking small dress checks of about one-fourth wool at the price of all cotton checks. A far prettier check than the small schoolgirl square checks which we have shown in previous years, and one with which we know you and the children will be pleased. For school clothes and everyday dresses this material is most attractive, low priced, and serviceable.

14F3224—Width, about 36 inches. **Order by catalog number and number indicating pattern wanted.** Shipping weight, per yard, 6 ounces.

Frosted Shadow Checks

77c A YARD

A part wool small dress check with the new frosted look so popular in high priced woolen material. This frosting is done by weaving a small amount of Rayon (artificial silk) in the filling yarn. This inexpensive cloth is a copy of a very high priced fabric. These Rayon mixture wool materials are distinctly new and popular. For children's or women's dresses. About one-quarter wool.

14F3102—Width, about 36 inches. Colors: **(1) French blue; (2) Cocoa; (3) Palmetto, or (4) Claret; also Chevreuse, Tan or Navy. State color.** Shipping weight, per yard, 6 ounces.

All Wool Crepe

88c A YARD

A quality that we recommend very highly for children's clothes. We have sold thousands and thousands of yards and have many satisfied customers. It is well made and will make attractive dresses appropriate for wear at any and all times.

14F3439—Width, about 36 inches. Colors: **(1) Claret wine; (2) Brick; (3) Palmetto; (4) Cookie tan; (5) French, or (6) Castilian; also Wigwam, Brown, Rust, Cocoa, Platinum gray, Navy blue, Marine blue, Flag blue, Burgundy, Black or Jungle green. State color.** Shipping weight, per yard, 7 ounces.

All Wool Coating

98c A YARD

A fine, heavy weight coating for children. Manufacturers of children's coats cut up thousands and thousands of yards of this material every year. We believe you mothers will be equally pleased with this wonderful wearing fabric, and that you will find that this width cuts to advantage.

14F3594—Width, about 30 inches. Colors: **Claret wine (on figure), Marine blue (on bolt), Navy blue, Jungle green or Cocoa tan. State color.** Shipping weight, per yard, 10 ounces.

Half Wool Bordered Crepe

$2.49 For About 3 Yards **$3.74** For About 4½ Yards

A stylish novelty crepe for children's or grownups' dresses. No trouble at all in cutting this material to make a bordered dress. The checks form the skirt with a striped top. The price is also very attractive. Sold only in 3-yard or 4½-yard lengths.

14F3010—Width, about 36 inches. Colors: **Wigwam (on bolt), or Dark French blue (on dress); also Tan, Gray, Cocoa, Palmetto green, Claret wine, Brown or Navy. State color.** Shpg. wt., per yd., 6 oz.

Windbreaker Checks

98c A YARD

A strong, heavy quality, printed suede cloth. Just the thing for the Windbreaker Blouses. And what a lot of wear you'll get from this material. Nearly all wool. Will launder. For knitted bottoms for windbreakers see page 224.

French Coney Fur Trimming

Coney Fur Trimming

There are several qualities of coney fur trimmings, which permit the quoting of almost any kind of price. Our experience has taught us that there are only two qualities that will give satisfaction, that is, the first and second quality. Coney fur is made from the skin of rabbits, therefore, coney fur trimmings are pieced about every eight to ten inches, which is the length of the usual rabbit.

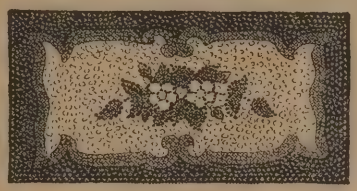
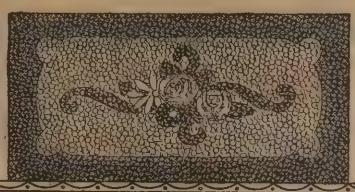
You Can Make a Hooked Rug *in a Few Days*

THE TREND of interior decoration is today towards the early colonial. This is noticeable in draperies, furniture and rugs. In presenting the materials for making these hooked rugs, we are featuring a process of making which reduces the time that has been necessary to make such a rug to two or three days instead of four to five weeks as before. In a few minutes, you can learn to use the needle. No skill required. Our designs have been carefully chosen and are of a character most suited for the purpose. To make a rug, you need a piece of burlap, a frame, thumb tacks, a needle and yarn.

The Finished Rugs





Burlap For Making An Oval Design

Tinted in colors so there is no chance of making a mis-ke. Gray center with buff edge and old rose flower h green leaves. Size, when finished, about 23x28 hes. The finished design is shown on the right. To sh a rug it takes the following assortment of Golden wn rug yarn: 4 skeins light old rose, 4 light green, lack, 5 buff and 9 light gray.

25F4637—Burlap only. Shipping wt., ound. Each..... **$1.00**

Burlap for Typical Colonial Design

"Golden Crown" Knitting Worsted

This is our improved quality 4-ply all worsted knitting yarn made of the choicest wools obtainable. When you buy this yarn you are buying, in our opinion, the best yarn made. It is evenly spun to the correct size, soft to the touch and has all the knitting qualities that give that full fluffy appearance to the finished garment. A yarn that wears especially well, ideal for sweaters and other outer wear for men, women and children. This yarn is put up in hanks weighing full 4 ounces each, whereas many yarns weigh only 3¾ ounces to the hank. Colors: Black, white, navy blue, turquoise blue, gendarme blue, golf green, tan, golden brown, khaki, seal brown, purple, light gray mixed, dark gray mixed, cardinal, maroon, American beauty, scarlet, old rose, steel gray or camel color. **State color.** Shipping weight: Per skein, 5 ounces; 4 skeins, 1¾ pounds.

'Our Triumph'

12 SECTION COLLAPSIBLE DRESS FORM

The upper part of our Triumph Dress Form is made of papier mache covered with black jersey cloth, to which the dress material can be pinned and draped while working or fitting. The entire form is mounted on a heavy steel extension standard, which permits the raising and lowering of the form. The skirt frame is constructed of strong flat flexible steel bands which make it practically indestructible.

The tension slide adjustment permits each and every section to be adjusted independently for every woman's measurement, even for deformities. Skirt can be full through the hips and narrow at the bottom.

This form is made in styles A and B. Style A, when closed, is 32 inches bust measure and extends to 48 inches. Style B, when closed, is 36 inches bust measure and extends to 52 inches. **State style wanted, whether A or B.** Shipping weight, either style, 35 pounds. Cannot be shipped by parcel post.

The Ideal Comfort Napkin

Sanitary Napkins

Kotex is the ideal comfort napkin, and is a welcome aid to every woman. Each Kotex Pad is impregnated with a new secret deodorant recently discovered, which makes them odorproof. Kotex is made of "Cellucotton," the greatest absorbent known, and, unlike pure cotton, it never hardens, no matter how much fluid is absorbed. Kotex disintegrates when dropped into running water, making them easily disposed of without danger of clogging the plumbing. Read About Our Pilgrim Leader Super-Quality Union Suits

Pilgrim Leader Union Suits are made especially for us in a mill specializing in the making of the finest underwear. Every thread of yarn is of the finest selected quality; the soft strands are pre-shrunk, that is, washed and treated so that shrinkage takes place before the suit is knitted. Every detail of finishing is cared for with exactness. Pilgrim Leader underwear is made to exacting size specifications that we believe to be the most rigid in the country.

No matter what suit of this high grade line you purchase, you can feel assured you are buying the very best underwear made, and at a big saving.

Silverline — The Underwear of Quality at Popular Prices

Our **Silverline** Brand of underwear was a big success last season and we are sure it will prove even more popular this year. We believe it to be the nicest and very best medium weight underwear ever offered at such moderate prices. It is made of extra fine soft yarn with cross stripes of lustrous Rayon (artificial silk), the two materials being knit in a fancy rib or dropstitch effect, making an unusually pretty garment, very different in appearance from the ordinary underwear.

Silverline underwear is made as nearly perfect as possible. The sizes are right, the seat is made full and roomy, the materials are nice and soft and the seams are flat locked, thus assuring comfort, with no irritation or binding. Silverline underwear is cream-white in color and is made in a nice medium winter weight that will please you. We do not believe you will be able to buy such fine underwear at such moderate prices anywhere else.

RAYON
(ARTIFICIAL SILK)
The Underwear Exquisite

"The Fabric Beautiful" is a rightful term for Rayon (artificial silk). There is a dainty distinction about Rayon underwear—matchless luster, exquisite texture and shimmering fineness—that delights the most fastidious woman. These features, combined with the soft, elusive peach and flesh tones, make these Rayon undergarments irresistibly appealing to all women. Rayon underwear is a practical solution of the underwear problem, since it affords every woman an opportunity to possess beautiful underwear—and it costs so little.

The Rayon underwear shown here is **extra fine quality** and beautifully made and finished. There is no skimping of material, no poor workmanship or inferior quality trimming in the Rayon underwear offered by the World's Largest Store. Rayon underwear wears well and launders well.

Double-Body Cotton Union Suits

Our Own Trade-Mark. Reg. U.S. Pat. Off.

for Boys and Girls

Sold Exclusively by Sears, Roebuck and Co.

DOUBLE-BODY Underwear gives your children better protection against winter colds and sickness than other cotton underwear. It is especially constructed and has proved absolutely satisfactory to thousands of children. The body portion, covering the chest, abdomen and back, is of two separate thicknesses of fabric. The arms and legs of a single thickness allow perfect freedom of movement. Double-Body Cotton Underwear is economical for it provides plenty of warmth and can be worn instead of the more expensive wool underwear.

Stockings to be of real service to boys must be made strong and durable, but still they must not be coarse and clumsy. Our Boyville Brand is just the right stockings for your boys. We have listed them in our catalog for several years and each year they become more popular with our customers, because of the big value they offer and their extremely low price. This is truly the greatest value you can find anywhere in boys' stockings. They are medium heavy weight and are knit from an especially good grade of cotton yarn. The tops are three-thread which helps in a big measure to make them wear resisting. The legs are fine elastic ribbed with flat knit seamless feet.

25,000 Pairs Sold *in* 1896
8,000,000 Pairs Sold *in* 1925

THIS little sales book of R. W. Sears, the founder of this business, reveals a story of intense interest. Imagine, in less than a generation, increasing from less than 25,000 pairs of shoes to more than 8,000,000!

Back of the little morocco covered note book, now yellowed with age, is the romance of this business. It tells more than the figures reveal.

It tells a story of *quality*, of *economy*, of *satisfaction*.

You cannot sell 8,000,000 pairs of shoes a year unless you sell the right quality. Nor can your sales reach that tremendous figure unless you have been able to save money for your customers. And, finally, it is certain that a store selling shoes by the millions *has* satisfied its customers!

We thank you for the business you have given us. We believe both we and you have benefited by it. Because of this great volume we are able to own our own shoe factories and to buy from other manufacturers at prices way under the market.

The record of the years is silent testimony of our growth and of our customers' confidence in us—a confidence born of the knowledge that we believe in a square deal, and practice what we believe.

. . It Is Easy to Get a Perfect Fit . .

We guarantee to fit you perfectly.

All the information we need to insure a fit is:

(1) **The size shoe you wear, or, if you do not know the size,**

(2) **All the numbers printed inside of a shoe that does fit.**

Our shoes are standard in size; so you will be certain to receive a pair of shoes the same size as those that do fit you perfectly.

Children's Shoes

In the case of children with growing feet i may be advisable to send us an outline of the *stockinged* foot. Use a plain piece of paper and pencil. This is necessary *only* if you do no know the exact size worn.

* * *

It is the purpose of the World's Largest Store t make ordering as simple as possible and yet to insur perfect satisfaction. You do not need to use an charts to determine the size shoe you want to bu from us. All we need to fit you satisfactorily is th simple information listed here.

Ever Try Crepe Soles? They're So Flexible, So Soft, So Comfortable

15F2504—Sizes, 2½ to 8; also 9. Wide widths only. Be sure to state size. **$3.48**

Shipping wt., 2⅜ lbs.

In our last fall and winter book we first introduced an outdoor or work Shoe with crepe rubber soles for women. There was such a large demand for it, and those who wore it were so greatly pleased with it, that we are showing it again for its friends as well as for those who have not made its acquaintance. Crepe rubber soles are flexible, soft and comfortable. You will find this the most comfortable, springiest shoe you have ever worn. It is made on a round toe last, with uppers of soft, black chrome tanned leather (commonly known as elkskin). Unlined. The moccasin vamp is another comfort giving feature.

Colesburg, Ky.
Sears, Roebuck and Co.

I purchased a pair of shoes early last fall and have worn them hard outside on the farm all winter and they are almost as good as new. Expect to wear them all next winter. I don't believe the "Compo-Soles" will ever wear out.

Yours very truly,
MRS. J. E. KIRTLEY

I just received my order yesterday and was surprised when I looked at the Shoes. They are really better than your catalog recommended. If I had purchased them here I would have paid $1.00 more on each pair. I ordered a pair of shoes at a bargain price last April for my daughter. After eight months of wear they are really good yet. We owe the World's Largest Store the credit.

SO MANY men have been won to our famous 3-40-8 selection of shoes that it wouldn't be surprising if Uncle Sam would issue a new bill, a $3.48 bill.

When we first introduced this now popular selection of shoes it created a sensation, both in the shoe market and with the shoe buying public. That sensation has been maintained season after season because we have had represented in the 3-40-8's everything in shoes that men want.

For fall and winter, 1926-1927, you will find on this page the most favored of the new lasts, as well as those that continue in popularity; you will find the new shades, the most desirable of patterns.

We'll say this, men: That nowhere in America will you find as much style and quality for the price as right here. We have no fear in guaranteeing you a saving:

Select the style that appeals to you. Wear it, with its GENUINE GOODYEAR WELT sole, and if you aren't satisfied that you got more for your money than you could get elsewhere, pack the shoes up in the box and send them back.

GOOD LUCK

Just imagine, only $3.98 for these Super Shoes!

We'll leave it to you, men, if that isn't an accomplishment we are entitled to brag about.

We got the $3.98 price only because we knew you would take these shoes by the thousands. We have such confidence in this wonderful shoe that we've given it a whole page in our catalog.

You'd part with a five dollar bill and get no change back if you bought the equal of this GOOD LUCK masterpiece any place else. And even then we doubt if you could get as good a shoe.

Volume is the answer to this extremely low price—the volume business of the World's Largest Store—the volume shoe business that you fellows give us every season—the volume that we are giving the manufacturer of these GOOD LUCK shoes.

We're making the GOOD LUCK in the two popular styles, the well known and justly famous moccasin toe and our equally famous Autoshu style. Pick either one, your own judgment or experience will dictate the choice. Put the shoe to any test. If you've ever worn a better shoe, a more comfortable shoe, a shoe that gave you better service; if you ever got as good a buy any place else, any time, we'll take the shoes back, and gladly!

GOOD LUCK

$3.98

THE SHOE of shoes is here! GOOD LUCK, we've called it. Good Luck for every shoe wearer; Good Luck for the man who has always wanted a shoe that would last and last; that would wear and wear and still be strong and sturdy; Good Luck for the man who wants strength and endurance but doesn't want to carry around a lot of weight; Good Luck for the man who has always visioned a shoe as comfortable as a house slipper and yet practically waterproof; Good Luck for the man who wants a light sole and still wants one with plenty of wear in it!

No matter the job, GOOD LUCK will help you through with it. It's a pile driver for strength and yet in looks and feel you'd think unconsciously of fine woolen hosiery. If you've always hoped for a shoe that would make you forget your feet, then we can unhesitatingly recommend GOOD LUCK.

First of all it's GENUINE CORDOVAN HORSEHIDE Get that, CORDOVAN, the one and only "wearproof" leather. We double tanned it and then, to make it stronger, we tanned it again! It has a softness like the softest gloves. You know, of course, that cordovan is found only in a very small part of the hide. It's really a super layer of leather that nature places in the hide.

Soles are GENUINE CHROME RETANNED LEATHER. They, too, are tanned and retanned. Don't overlook that. You know what pure, fine quality beeswax will do. Well, that's what is used to waterproof the soles of our GOOD LUCK shoes. We could have used a cheaper and, of course, a less desirable substance, but we wanted to make these soles so strong, so durable, so outstanding that once you wore this shoe you'd be satisfied with nothing less, and could demand nothing more.

And so on down the line. Every point has been strengthened. Where we saw a chance, even though it might be a slim one, we put more quality in. Just as an example, nothing but pure linen cord has been used in the sewing of these extraordinary shoes. Of course, they're GOODYEAR WELTS.

Remember this:

CORDOVAN HORSEHIDE work shoes have never before been offered in any mail order catalog.

We demand for our customers the very best.

Here it is.

GOOD LUCK.

Men, there never was a work shoe made like this one. Like a battleship in construction and a regular bear for work. Look at the illustration; study the features; notice the GENUINE GOODYEAR WELT sewed soles; then look at the price!

Here's the famous army shoe, made for the Government and according to their exacting specifications. This great leader has all the requirements for service plus GENUINE comfort. The smooth side of this wonderful oak tanned natural russet color leather is placed against the foot.

When you consider that these shoes actually cost the U. S. Government $7.00 per pair to make and that we are selling them to you at only $2.69, you will appreciate the extraordinary value. Better buy two or three pairs at this price!

You can't buy more shoe value for $1.69 and $1.89 elsewhere, and here you have "Sears Guarantee" besides. A whale of a lot of shoe, because it all goes into **honest solid wear.** Not our best looking shoe, but it is made from stout double tanned brown split leather which isn't handsome, but wears well. The oak tanned leather soles (two thicknesses where the wear comes) are stoutly nailed to the uppers and won't pull loose, nor will the leather heel. Altogether a bargain we're proud of and a shoe that will give you more wear for the money than you could get anywhere else. If you've been paying $2.25 to $2.50 elsewhere, order a pair of these sturdy shoes.

Seamless. **It can't hurt your feet.**

Across your instep where the rub comes is just one piece of soft, smooth leather, like a slipper. The chocolate color uppers are made of fine, soft chrome tanned leather (commonly known as elkskin), which is fine for comfort and wear. The soles are "Compo-Soles." They don't wear out as quickly as leather. Heels are live, springy rubber. They look well, wear well and feel well.

The Way to Tell Rubber Quality

IS BY THE TRADE MARKS

10-karat gold is not as good as 14-karat, and 18-karat is better than either. All are gold—and look alike.

So it is with rubber footwear. You can't tell which is best unless you know the brand, just as you can't tell the quality of gold unless you see the stamp. Reputable manufacturers trade mark their rubber products for your protection, so that you may know which quality you are buying.

We are the largest retailers of rubber footwear in the world. Because: Our customers have confidence in us; they know the quality of the goods they are buying; they know our footwear is honestly built; that the price is fixed by the quality; that we sell no low quality merchandise at any price.

Rubber footwear is produced in four standard qualities: Extra quality, first quality, second (or medium) quality and third quality. Many factories do not make third quality because it is not serviceable. For that reason you will not find third quality rubber footwear in any of our catalogs.

Here are examples of some of the best known brands of rubber footwear:

Extra Quality	First Quality	Medium Quality
FLINT ROCK	PROFILE	GIBRALTAR
AMERICAN SUPER	AMERICAN	PARA
CANDEE SUPER	CANDEE	FEDERAL
HUB MARK SUPER	HUB MARK	BAY STATE

A BIG VALUE. That's exactly what this Lace to Toe Sport Shoe is. You will say the very same thing when you see your pair. After you have worn them and have put them to a good test, you still will say A BIG VALUE. They are made of good grade white or brown canvas with rubber trimming. The imitation crepe rubber soles wear well and are noted for their anti-slipping quality. Composition innersole. You can't buy better for so little money.

"Hey! C'mon! They're choosing up. Let's get in the game." That's the spirit. You'll feel a whole lot better after an hour's good exercise in the form of some active game that you enjoy. The old saying "All work and no play makes Jack a dull boy" applies to parents as well as children; so why not play once in a while and let the youngsters have their fun, too? Of course we all need Sport shoes and they're not any item at all if you "grab onto" A BIG VALUE like this. Made of light weight white or brown canvas, rubber trimmed. Has imitation crepe rubber sole and composition innersole. There's money saved in these.

These men's Black Rubber Boots are the result of several years' continued effort to discover a way to produce tough and sturdy soles and uppers that would resist to a greater degree the severe wear encountered on concrete floors and in mining and irrigation work, involving contact with alkalies and similar destructive substances. In answer to the many requests from our customers for a hip boot of the same sturdy construction as our now famous Super (short) Boot, we offer the one illustrated above. Try a pair—let us know what you think of them. Both of the boots here shown are made of highest quality springy live rubber that will stretch to three times its natural length. (See illustration.)

JIFFY is rightly named. For it covered this country in a jiffy the moment it was brought out. And it goes on and off in a jiffy—just a touch to fasten—a touch to unfasten. The newest galosh and the most popular. Trim and elegant in appearance; comfortable, convenient and low in price.

The JIFFY is made of a special, high grade cloth which is rich looking and gives lots of wear. This galosh should be ordered a **full size larger** than the shoe it is to be worn over. You know the popularity of this style and you appreciate its many advantages. Style as illustrated, or similar—all with the genuine JIFFY feature.

Our Cream Separator Factory
Has an annual output of about 50,000 separators.

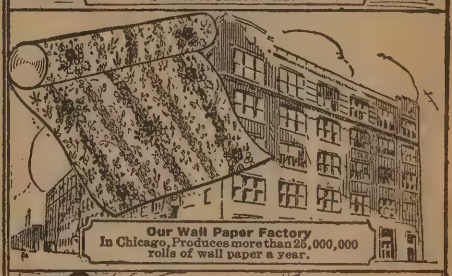
THE illustrations on this page show a number of the great factories operated by Sears, Roebuck and Co. and whose output is handled through our six big stores. The tremendous volume of our sales to more than ten million families enables us to make Shoes, Stoves, Cream Separators, Paints, Wall Paper, Plumbing Goods, Farm Implements, Tents, Wire Fencing, Building Material and other lines of merchandise in our own factories.

Thus we insure a high, uniform standard of merchandise quality at the lowest prices. When you buy this merchandise from the pages of our catalog, it is equal to buying direct from the factory. Only one profit is made on such goods from the time the raw material is received at the factory until the finished merchandise arrives at your home.

In addition to our vast, money saving factory organization, we make contracts with many other large factories, both American and foreign, for the production of merchandise on an enormous scale; in fact taking the entire output of some of the largest factories in the world. These factories accordingly trim their profits to the minimum and quote us their very lowest prices.

By thus reducing the cost of our merchandise to rock bottom and also reducing the selling expense by the most improved labor saving methods, our prices are so low that there is really no competition. The immense savings we have thus passed along to our customers have made us the World's Largest Store. This readily explains why WE GUARANTEE TO SATISFY YOU AND SAVE YOU MONEY.

Our Paint Factory
In Chicago. Produces more than 1,250,000 gallons of paint a year.



Our Wall Paper Factory
In Chicago, Produces more than 25,000,000 rolls of wall paper a year.

About Our Boyville Suits

HUNDREDS OF THOUSANDS of boys have worn our Boyville suits. And we have received testimonials from hundreds of our customers stating that the suits were better in value and quality than any suits they had ever bought before. We believe that the tailoring, patterns and fabrics used in making our Boyville suits represent as good or better quality than that of boys' suits selling elsewhere for very much more.

Owing to the big demand for boys' long pants suits we are featuring a Boyville suit made with long trousers. These suits are made in the same Boyville shops. They are cut and tailored according to the same rigid specifications. One of the many important features of these new suits is the striped Gibraltar lining in the coat. This is the strongest lining made and we believe it will outwear any other lining. The coats have canvas and haircloth padded fronts so that they will keep their shape. Cloth undercollars are carefully felled on. The strong ivory buttons are sewed on with care. The long trousers are made with the popular wide bottoms and cuffs—just like high grade men's trousers. All seams are serged to prevent ravelling. The pockets are of exceptionally good quality. Waistbands and curtains are made of sateen and all the trimmings used throughout the suit are of the very best quality. These are a few of the points that make the Boyville long trousers suit a history making value. It's fully up to the standard of the Boyville short pants suit, and that means it SIMPLY CAN'T BE BEATEN.

Here's a New One

A Special Value!

Long trouser suits for boys have grown so popular that we decided to make the boys a handsome dressy suit that would really please them, and yet be durable and economical for all purposes. Of course it's a Boyville brand. The all wool and silk cassimere used for this new Boyville long trousers suit is the same superior quality material that we use in our Boyville short pants suits. The style and patterns are very neat, the brown being a medium shade with very pretty blue and brown silk decorations in a plaid effect pattern. The gray is a medium shade, just right for fall and winter, and also has blue and brown silk decorations in a plaid design. Coat is made in popular two-button single breasted style, having two lower patch pockets with flaps, belt across back, and lined with striped Gibraltar lining. The long trousers are made just like big brother's with wide bottoms, good quality trimmings and strong pocketings, regular pockets and cuff bottoms. This suit is a mighty big value at the price and we guarantee it to please you.

The Best Suit Made for $15.85

All Wool—Extra Heavy

Here is a suit that was made with just one purpose in view—quality. Not a point was skimped or slighted in its whole makeup! But after we had put into it everything that a good suit should have, the price was still surprisingly low for so fine a garment. In fact we believe our price will actually save you from $10.00 to $15.00 over what the same quality suit would cost you anywhere else. This super suit is made from long wearing, closely woven, 18-ounce ALL WOOL cassimere, and is styled in a conservative three-button model—just as is shown in the picture. The coat is full Venetian lined and the whole suit is as finely finished as a made to order suit would be. Coat, vest and trousers have the regular number of pockets. You have a choice of two splendid, popular colors, dark gray or dark brown. **SIZES—34 to 44 inches chest, 30 to 42 inches waist and 29 to 36 inches inseam. HERCULES

The World's Biggest Overall Value

$1.75 Each Garment

Extra Heavy 8 oz Pre-Shrunk Denim

MORE than a year ago we made up our minds to produce the best overall that could be made. And we've done it! We've taken **all** the **good** points of **every** overall made and built them into a new, superfine overall. The HERCULES **now** has every convenience, every comfort, every feature that makes for greatest satisfaction. Also it is the last word in strength and durability.

Finest Blue Denim Made

The first thing considered was the cloth. We went to one of the most famous mills in the country and arranged with it to make us an extra heavy (full 8 ounces to the yard) white back, blue denim. This means more threads to the inch, a more than commonly sturdy cloth and, consequently, longer wear. **It is the finest blue denim made.**

Next we made a contract with one of the best known and biggest manufacturers in the United States, who could turn us out a tremendous number of garments, while maintaining in each one his reputation for high quality. For there must be no letting down in the quality of these goods to make the low price—or for any other reason.

Then, the denim going into these HERCULES Overalls is pre-shrunken—that is, shrunk by water and steam **before the material is cut,** so that the HERCULES garments shrink very little with washing and, for that reason, too, will wear longer than the ordinary overall. These garments are a joy to the eye and to the touch. They appeal at once to every experienced man who knows what an overall should be and what is the best overall.

Order a HERCULES OVERALL at our low price. Compare it with overalls sold in your community at from $2.25 to $2.50. If it isn't better than anything else you find, send it back and we will, without question, return your money, including transportation charges.

Read this list of the unusual features of the NEW HERCULES and see just what we are offering you:

Fourteen Big Features

See Styles on Opposite Page

1. **Best Blue Denim Made**—Specially woven, full 8 ounces to the yard. More threads to the inch than usual.
2. **Pre-Shrunken**—Every piece thoroughly shrunk in water and steam.
3. **Seams Guaranteed Not to Rip.**
4. **Roomy—Big All Over—Mighty** comfortable. Does not bind anywhere.
5. **Pockets Double Stitched and Bar Tacked**—Every pocket double stitched for greater strength and longer wear.
6. **Overall Pockets Self Faced**—Longer life to the pocket edge.
7. **Reinforced Jacket Pockets**—Lined at bottom with long wearing heavy drill.
8. **Guarded Pockets**—Special stitching of rule and watch pockets prevents contents from falling out.
9. **Inside Jacket Pocket**—A rare convenience, big and handy.
10. **Hammer Strap**—Stout and broad.
11. **Adjustable Cuffs and Collar**—Two sets of buttons allow loose or snug fit as desired.
12. **Rustproof Buttons**—Guaranteed not to come off. Of a guaranteed rust-resisting metal.
13. **Lined Suspenders**—Lining holds suspenders flat—not twisting or rolling about.
14. **Each Leg Has Two Seams**—Hang better—fit better.

You can order a HERCULES with absolute confidence that you are getting the best overall you ever saw for anything like its price. It is a man's garment, with every last, solitary convenience that a working garment should have. Try one out on any kind of a job.

When ordering be sure to state waist and inseam measures of overalls and chest measure for jacket. See measuring instructions on page 797.

Sheep Lined Weatherproof Coat

Heavy Weight Genuine Moleskin Cloth

Our Guarantee

We Guarantee the material from which this coat is made to be Heavy Weight Drab Moleskin.

We Guarantee the workmanship in this coat to be equal to that contained in other coats costing more money.

We Guarantee the lining to be genuine specially selected good quality Sheepskins.

We Guarantee that we will save you money.

We Guarantee to return every penny you paid for this coat, including transportation charges, if you are not entirely satisfied.

IT IS EASY to understand why none but a concern as big as Sears, Roebuck and Co., the World's Largest Store, could pack so much value into a garment.

We agreed to take the output of one of the biggest factories in the country to get this coat at this price—but it was well worth while.

And see the result—an astonishingly fine, genuine moleskin cloth coat, lined with fine quality genuine sheepskin, that has every convenience and every comfort of a higher priced coat, **but at a low price**—a price within every man's reach.

Just look it over. See the many special features usually found only on expensive coats. Consider the generous warmth of that soft, thick sheepskin lining; the roomy comfort of the garment; the stout and craftsmanlike way in which it is put together. It is a coat that you will be proud of anywhere. When you get it, compare it with others selling for much more than our price, and then you will fully appreciate its big value.

Made for Looks, Hard Wear and Comfort

For wear—well, it will wear as long as any of the higher priced coats of this kind, and longer than most.

And for warmth and comfort! Ask the man who wears a sheep lined coat. He'll tell you it is the warmest garment he ever had on. The high sheepskin collar gives complete protection all around. The cold and the wind simply can't get through!

Don't wait till the winter is on your heels. Order early and be ready for winter. You'll find you have made the best buy of the year. **SIZES—36 to 46 inches chest. Length, 36 inches. State chest measure taken over vest.** Shipping weight, 7½ pounds.

Announcing the New Thirteenth Edition of the

ENCYCLOPAEDIA BRITANNICA

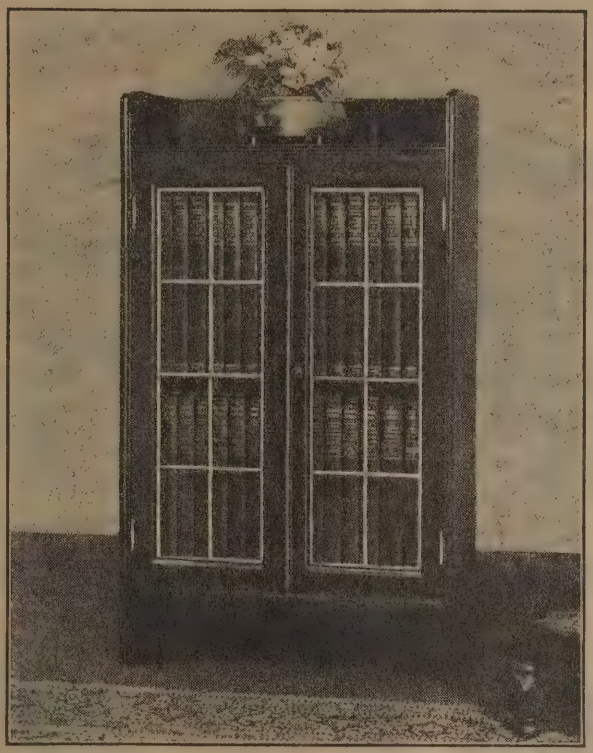
Even greater than before—at a sensational saving in price

HERE is an epochal achievement—the New Thirteenth Edition of the Encyclopaedia Britannica, consisting of the latest revised Britannica and special volumes covering the tremendous developments of recent years and bringing the record to the middle of this very year—1926. The contributors include the most eminent authorities, men and women, in their special fields; among them are hundreds of world famous inventors, scientists, agriculturists, scholars and statesmen.

A Complete Library of Knowledge

This great work is the most complete library of knowledge ever published. It covers history, art, literature, music, manufacture, biography, science, engineering, the great World War and its momentous political consequences. In its record of the startling progress of the last sixteen years, there is no other work that is comparable.

(*Continued on third column*)



How the Britannica Will Look in Your Home

The beautiful volumes of the New Thirteenth Edition, in the Bookcase especially designed for us by a world famous cabinet maker, add much to the attractiveness of any room. The Cambridge issue is shown above.

The Thirteenth Edition, in the New Form, consists of 16 double volumes—49,000,000 words printed in large readable type; 33,000 pages, strong opacity paper; 18,000 illustrations. This is more than 490 ordinary books contain, and yet the Britannica sells for one-tenth of what these books would cost you.

(*Continued from first column*)

The New Edition contains the full story of the recent events that have transformed the lives of all. Here are new discoveries, inventions, the newest and latest information about practical things, of utmost value and importance today.

In its comprehensive survey of knowledge, and in its authoritative presentation of achievement, the Britannica stands alone. Yet it is written with an interest and a thrill which make it more fascinating than fiction.

This Thirteenth Edition of the Britannica is published in two forms—the 32-volume Cambridge issue and in the New Form, printed from the same plates, bound two volumes in one. Though it is identical in contents, the Britannica in the New Form represents an actual saving of 40 per cent on the price of the Cambridge issue, and brings the Britannica within the easy means of everyone.

Consider the 40% Saving

You probably have always desired to own the Britannica—this is your opportunity. Remember, the Britannica in the New Form, at a saving of 40 per cent, is exceedingly low priced. The Britannica is the one work you cannot afford to be without—especially if there are children in your home.

Send for Free Booklet

An advertisement like this cannot tell much about this great work and its practical value to you. But to give you an adequate idea of what the new Britannica, in the Thirteenth Edition, really is, we offer a specimen booklet of more than sixty pages, profusely illustrated, with many colored plates and specimen pages of the Britannica. This will be sent you **FREE** without any obligation. It tells you of the men and women of all countries who have contributed to the Britannica. It indicates something of the scope of the work and its practical value to you.

Send the coupon opposite for the free booklet and complete details of this exceptional low priced offer and the very liberal terms of payment. You need not pay cash—a small first payment brings the set to your home, with the balance payable in small monthly amounts.

How to Order Sweaters for Boys

A roomy sweater is more comfortable and will give better service. Boys' sweaters shown on this page and page 426 are designed and made to fit boys from 5 to 13 years. To get the correct size, measure the boy around his chest under the armpits when he is wearing his shirt or blouse, and then order the next larger size; for instance if he measures 22 inches or 23 inches, order size 24; if he measures 30 or 31 inches, order size 32 and so on. By following these instructions you will get a sweater that will fit comfortably.

For sweaters for the older boys of 14 and 16 years see page 424.

The World's Greatest Work Shirt

The number of customers who are continually reordering **Hercules** Work Shirts increases daily. No better recommendation than that can be given any article. That, in itself, is proof of satisfaction.

It is our honest belief that when you order a **Hercules** work shirt you get the best work shirt value in America.

We ask you to compare the **Hercules** with any other standard make of work shirt. Use the list of Ten Reasons Why, as a guide in making your comparison. Convince yourself that you will get more for your money in a **Hercules** shirt than in any other work shirt you can buy for anywhere near its price.

TEN REASONS WHY

1—Made over large, roomy dimensions. Plenty of room for body and arms.
2—Large curved armholes that do not bind and big cuffs that can be slipped over your fists.
3—Interlined collar and cuffs help the appearance and wear.
4—Continuous non-rip sleeve facing. Cannot tear or pull out.
5—Triple stitching on all principal seams means that the seams will not pull apart.
6—Two large button-through pockets. Real man sized.
7—Double yoke shoulders and extension neckband. Built for service.
8—Vegetable ivory buttons that will not chip or crack. Sewed on to stay.
9—Only finest quality materials used. Chosen for their wearing qualities.
10—The very best work shirt we know how to make. Priced to defy competition.
